

## Suggested Set Design

The stage is set out in three sections:

- CENTRE: The main staffroom with old sofa, chair(s), coffee table, sink / fridge (opening window behind), notice board with old messages and "N.U.T" section.
- APRON STAGE RIGHT: The corridor outside the school office. This could be a flat showing a window to the office and a display board for children's work.
- APRON STAGE LEFT: A mock classroom. This could be a simple teacher's desk and chair with a white or chalk board behind. Written on the board could be things like "Lern spelings for tomorow" or children's board duster graffiti "I 8 SKOOL" with teacher's writing after it "So do I!"
